GRANT APPLICATION CRITERIA

- Funds will go towards **registered charities** that support the Kitimat and Kitamaat Village residents through particular projects, programs, equipment, and resources.
- The criteria for funding and the amount of funding available is determined by the Kitimat Community Foundation Board (KCF) on an annual basis. In making these determinations the KCF Board will be assessing community needs and prioritizing the use of KCF funds to meet these needs.
- Participation in the production of the Telethon will be considered when evaluating grant applications.
- When the value of the requests is greater than the funds available, the Board will review the grants given to the previous year's recipients and determine a fair and equitable distribution for the current year's available funding.
- All grants awarded must directly benefit Kitimat/Kitamaat. If the receiving organization is not directly administered in Kitimat, the application must clearly declare and agree the funding will be spent on services/equipment and will remain in Kitimat for the benefit of those living in Kitimat or Kitamaat.
- All grants awarded must directly manage by Grantee and not be transferred to any other society, agency or branch.
- The Kitimat Community Foundation Board of Directors is the final decision-making authority regarding allocation of funds. The Executive, wherever possible, will appoint a neutral body or sub-committee to assist by making recommendations regarding the allocation of funds in order to avoid conflicts where the Executive feels that may be an issue.
- Applications will be checked for basic eligibility and then submitted to the Grants Committee for detailed review and recommendation. Applicants may be contacted for additional information if necessary.

ELIGIBLE EXPENSES

Funds can be used to pay expenses of programs or projects that are shown to benefit the community of Kitimat and/or Kitamaat. Examples of qualifying costs are wages, materials, resources, or equipment that are obviously tied to:

- **A project:** short-term effort to make a one-of-a-kind service. It has a predetermined timeline, clear beginning and end, fixed budget, and distinct deliverable. Only in exceptional situations will funding be approved for a project that is not completed in one year.
- **A program:** ongoing set of planned activities or services that the organization provides to achieve its mission and goals. Programs are strongly connected to the organization's mission and are conducted to achieve specific outcomes.

INELIGIBLE EXPENSES

- Expenses that predate the current grant year application.
- Major capital construction or major renovations/building repair or maintenance (meaning anything that is considered to be a usual and expected cost of doing business or improving an asset not owned by the Agency).
